Make your page stronger

- Keep your prices up to date. Your page shows what customers pay — your price with laundriroom's commission added; you're paid your own price in full.
- Ask happy customers to rate their order in the app; ratings and reviews appear on your page.

Your link name was created from your laundry's name and stays the same if you rename, so links you've shared keep working. To change it, contact laundriroom support.
