Garment tags for check-in: a QR code to scan and a code to type. Print them on A4, cut along the dashed lines and punch the ring to attach.

Ready	On items	Missing	Damaged
43	25	1 Find it below to reprint	1 Find it below to reprint

Find a tag

Type or scan a tag's code to mark it missing or damaged, or reprint it — no scrolling through batches.

E.G. FPL-0042 OR 42 | 📷 Scan | Find

Generate tags

Each tag gets a QR code and a short code staff can type in: your prefix and a number, like `FPL-0042`. The prefix `FPL` is set from the business name and belongs to Fold & Press, Lekki alone, and numbers never repeat, so no two tags are ever the same.

How many

50 | Generate 50 tags

Codes `FPL-0031` to `FPL-0080`. Up to 500 at a time.

Tag history

How staff sign in

1. You add them here with their email.
2. laundriroom emails them a link to set their own password — nobody else ever sees it.
3. They sign in at the laundriroom login page with that email and password, on the shop's tablet or their phone, and land on the vendor dashboard.

Everyone gets their own login, so the app records who checked in, processed and handed over each order. Lost the email? Use **Send login link**.

Make your page stronger

- Keep your prices up to date. Your page shows what customers pay — your price with laundriroom's commission added; you're paid your own price in full.
- Ask happy customers to rate their order in the app; ratings and reviews appear on your page.

Your link name was created from your laundry's name and stays the same if you rename, so links you've shared keep working. To change it, contact laundriroom support.

Payouts

You're paid automatically to your payout account as soon as an order is completed and paid. You receive your own prices and the delivery fee in full — laundriroom's commission is added on top of your prices for the customer. (Older payouts show the commission that used to be deducted as a fee.) A disputed payout is held until it's resolved.

Verification

Upload your government ID and CAC registration certificate so we can verify your business. This is a background step — it doesn't hold up your onboarding or your ability to take orders.

Partner Agreement

Action needed

The Partner Agreement was updated on 10/23/2026 after you accepted it. Please review the current version and accept it again.

1. Non-circumvention

Customers introduced to you through laundriroom are platform customers. For twelve (12) months from a customer's first order placed with you via laundriroom, you agree to transact all laundry services for that customer through the laundriroom platform.

You will not solicit, divert, or accept such customers' orders, payments, or contact outside the platform — directly or indirectly, and whether in cash or otherwise — during that period.

Breach may result in withheld or reversed payouts, commission adjustments to recover lost platform fees, suspension, de-listing, and recovery of damages.

2. Service standards

Check in every item with a tag and condition notes, and hand orders back within the turnaround the customer chose.

Keep your prices, opening hours and branch details up to date on laundriroom.

Scroll to read the whole agreement.
